Certification:

I (print name) _____, on _____ certify, to the best of my knowledge that the lot of hogs described above:

- a. Are free of sulfonamides, carbadox, Baycox (toltrazuril), antibiotics and other substances defined under "contaminated" in *O. Reg 31/05*
- b. That all withdrawal times have been observed for all treatments and medications administered.

I understand that:

Failure to comply with the requirements will be dealt with as follows: Lots of hogs without the required information/certification arriving at licensed plants will be subject to "hold and test" of the entire lot of carcasses. Where a lot of BBQ hogs from a shipper or farm of origin is found to be contaminated (as defined in *The Ontario Regulations 31/05*) future lots of BBQ hogs from the same source will be subject to "hold and test".

"Hold and Test" means that an entire lot of suspect BBQ hog carcasses will be held. The Food Inspection Branch will conduct the tests it deems appropriate to determine compliance with residue limits established under the Regulations.

Lots of BBQ hog carcasses will not be released whose tissues contain substances that are not permitted or are in excess of prescribed limits.

Definition: "Contaminated" means containing or having be treated with,

- (a) a substance not permitted by, or in an amount in excess of limits prescribed under, the *Food and Drugs Act* (Canada), the *Canadian Environmental Protection Act* or the *Pest Control Products Act* (Canada)
- (b) an ingredient or food additive or any source of ionizing radiation not permitted by, or in an amount in excess of limits prescribed under, the *Food and Drugs Act* (Canada)
